## Judge Moore to Head Kiwanis Club

CAPT. MAXWELL WAS GUEST SPEAKER

ELECT OFFICERS FOR 1939

The election of officers for the Kiwanis club held last week, resulted in the election of Charles E. Moore as president, and Farnam Matson, vice president. The board of directors met Wednesday and engaged Roy Trudgeon as secretary-treasurer.

Judge Moore will succeed Dr. J. F. Cook, and takes over the gavel in January. He is energetic, intelligent, and no doubt will put a lot of zest into his work. Being president of the club is no easy task for the duties and responsibilities are many. Dr. Cook has had a good year and, under his administration has set a record for club attendance, frequently the Grayling club has been among the leaders in the first ten clubs in Michigan.

No doubt Mr. Moore will be announcing his standing committees soon for next year.

The members of the Kiwanis club enjoyed a venison dinner at their meeting Wednesday at Shoppe-a-gons Inn. The venison was a compliment by Mert McNamee, conservation officer of this district. With no cost for the meat course, the Kiwanians saved money and it went into a fund for underprivileged children and the Children's Christmas fund.

In the regular attendance contest, a novel plan was followed.

It was a contest between the "Democrats" and the "Republicans." Judge Charley Moore captained the Democratic side, and Postmaster Jim McDonnell the Republican side. In the check-up on which side had the best attendance record, the Republicans won, and the Democrats lost. It cost some of us good Republicans the price of two dinners just for being Democrats. Well, it was a lot of fun and everyone enjoyed it.

Capt. Maxwell, commander of CCC camp Hartwick Pines, the guest speaker, gave a very interesting discourse on the psychology of making and keeping friends.

The next meeting will be an evening meeting down the river, when the losing contestants for November have to pay for the dinners of their adversaries.

## Hunter Dies At Mercy Hospital

Peter P. Papich, of Detroit, the hunter who was mistaken for a bear in a tree, passed away at Mercy Hospital Friday noon, although a brave fight was put up by the patient and by local physicians to save his life.

Mr. Papich was wounded seriously one week previously, when Joe Cross, of Ada, Mich., at an early hour while deer hunting shot Papich who was perched in a tree, thinking he was a bear. Cross said that the object moved up and down the tree at intervals.

Mr. Cross held in the county jail here, was griefstricken when he learned that Mr. Papich had passed away. However Mr. Cross was released by consent of the family of Mr. Papich, who said it was purely an accident.

Papich is survived by his widow and a little daughter a little over a year old.

Watch for the date of the annual Christmas bazaar to be given by the Junior Danish Ladies Aid.

## Consumers Electric Rates Lowest

The Consumers Power Co., operating in many Michigan cities, including our neighboring city of Roscommon, is boasting that they have one of the lowest electric rates in the U. S.

Besides the low rate, bills show in simplified manner just how your charge is arrived at. Following are the rates under the new rate schedule ordered by the Michigan Public Utilities Co., effective September 16th:

First 15 kilowatt hours, each .5c  
Next 15 kilowatt hours, each .4c  
Next 45 kilowatt hours, each .3c  
Next 125 kilowatt hours, each .2c  
All the rest, per k.w.h. .12c  
Water heating, in excess of 200 kw-hours .1c

Comparing this with the rate schedule of the Michigan Public Service Company, operating in Northern Michigan, including Grayling, it differs as follows:

First 30 kilowatt hours, each .8c  
Next 30 kilowatt hours, each .5c  
All the rest, per kw-hour .2 1/2 c

This is for full residential service.

It is interesting to compute the cost of service of both the above rates. Taking for an easy example a consumer bill on 100 kilowatt hours as it would be billed by each of the above utility companies, it would be as follows:

Consumer Power Co.—100 K.W.H.  
15 kw hrs @ .5c .75  
15 kw hrs @ .4c .60  
45 kw hrs @ .3c 1.35  
25 kw hrs @ .2c .50  
100 kw hrs .30

Sales tax .10  
Total \$3.30

Michigan Public Service Co.—100 K.W.H.  
30 kw hrs @ .8c \$2.40  
30 kw hrs @ .5c 1.50  
40 kw hrs @ 2 1/2 c 1.00  
100 kw hrs .49  
Sales tax .15  
Total \$5.05

These figures are taken from the published rates as maintained by both of the above utilities companies. The Public Utilities Commission determines the rates and, without their consent, there is no way to change them. The officers of the Michigan Public Service

Company claim that their operating costs are greater than those of Companies located in more thickly populated areas, where there are more patrons within a smaller radius. To the average consumer it is hard to reconcile the difference of \$1.75 cost for 100 kw hrs. per month.

### HAS CLASS IN ART

Benny Jorgenson, well known local artist, is conducting classes in art at Grayling school. There are 12 in the High school class, and 30 in the grades.

These classes have been in progress for the past five weeks and are held on Monday, Tuesday, Wednesday and Thursday of each week from 3:00 to 5:00 p. m. Any one may join.

This is a federal recreation project and Mr. Jorgenson says they are restricted to the making of nature pictures only. He is skilled in teaching commercial art but he is not allowed to teach it. That is unfortunate for such instruction would mean far more to the members of the classes than just learning to paint pictures of lakes and rivers.

### Grange Notes

### New Seal Designed For E.M.T.A. Pres.

T. P. Peterson, President of the

East Michigan Tourist Association,

will be the first to use the

new official seal on his tourist

correspondence. This seal is a

facsimile of a plaque, plan-

ned by the association

and designed by Ray Had-

away of Saginaw, and

presented to President

Peterson and Bruce Anderson,

past president from Lansing.

The President's plaque, mounted

on walnut, is in bronze.

Typifying Michigan's vacation

sports are silhouettes of

swimmers, a sailor, golfer, tennis

player, fisherman, hunter and

skier. A blue field is the back-

ground. Surrounding the figures

is a map of Michigan showing the

territory covered by the East

Michigan Tourist Association.

Engraved on the plaque are the

names of all the past presidents

of the East Michigan Tourist As-

sociation.

THEY KIDDED THE SHERIFF

Sheriff Frank Bennett and a

group of other nimrods went deer

hunting the opening day of the

season and when Frank didn't

get his deer, the gang gave him

a lot of ribbing.

"Never mind," said the sheriff.

"I'll get mine yet but I don't

intend to hunt until the last part

of the season. I prefer to leave

the deer to those fellows who come

here from out of the county to

hunt. They spend their money

here and we local nimrods who

are in business and want the

tourist trade should let them have

the first privileges."

Then, as the season went on, the gang

kidded the sheriff about "not

knowing how to hunt."

Now the laugh is on the others

for Monday, just as he said he

would do. Frank went out and

was back within an hour with his

buck.

And, by golly, we think the

Sheriff is right. Most local nim-

rods hunt purely for the sport of

it. Since this northern region de-

pends largely upon patronage by

the tourists, it looks like good

business when we put ourselves

out to help them have a good

time.

### Notice

I will be at the town hall for the purpose of collecting Township Taxes on Tuesdays and Saturdays, beginning December 10.

## Of Interest to Hunters And Trappers

Muskats and raccoons became legal prize for trappers in the southern half of the lower peninsula on Dec. 1st.

For muskats the season ex-

tends through Dec. 31 and for

raccoons through Dec. 15.

The hunting season on rac-

coons has been open since Nov.

1. The closing date for hunting

raccoons is the same as the clos-

ing date for trapping them.

Rabbit hunters still have

through Dec. 31 in the lower pen-

insula and through Jan. 31 in the

upper peninsula.

The season on opossums and

badgers also extends through

Jan. 31 in both the upper and

lower peninsulas.

For the next deer season, the

state department of conservation

is considering an expansion of

its campaign to make hunters

safety conscious.

This season's record shows that

in addition to the dangers of

being shot, shooting someone else

by mistake and getting lost, there

is the question of overexertion.

Three hunters died in the woods

on the opening day of the 1938

season from heart trouble.

**REACTIONARY**

If there is a word in the English language which is being overworked these days it is the word "reactionary." What do we mean reactionary? Any person who dares raise his voice in protest at a half-baked idea—the less baked the more certain he is to have the appellation cast at him—he is a reactionary.

An instance of this was the comment of Governor Frank Murphy the day after election when it became known that the voters of Michigan had rejected the so-called welfare amendment. The governor declared that the defeat of the measure were accomplished by a "reactionary group." Last winter he said the same thing, only then he scented at the possibility that they would succeed in killing his pet measures. Last winter, too, when his rubber-stamp house was jamming the now defeated measures through the legislature, those who wanted to know what was in them and dared question were dubbed reactionaries.

The president frequently makes use of the term in classifying those who dare question his New Deal measures. And so it goes. Among college economists and brain-trusters those who do not agree with all that is proposed are reactionaries.

Discussing the welfare measures which met death at the hands of the rank and the vicious of Michigan, the most that can be said against this set of reform measures is that they were designed to still further remove government and the administration thereof from the people. The people are becoming afraid of further encroachments upon their rights as citizens to govern themselves. They may be expected to voice similar disapproval whenever similar intrusions are made in the future. This is something the next legislature should have in mind when it meets in January.

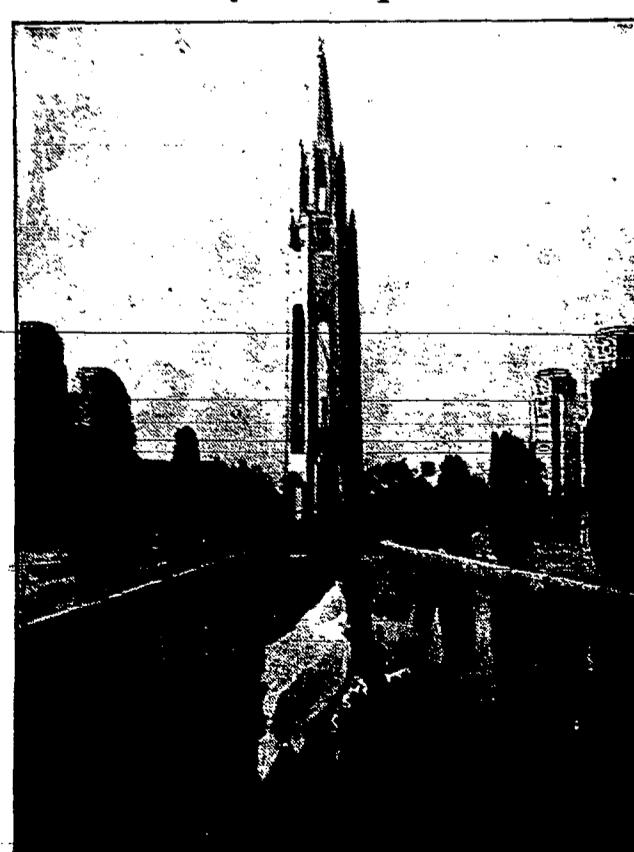

There is no doubt about it, the old poor laws are obsolete. Neither has the administration of welfare laws under the emergency commission established in 1933 satisfied the public. It now becomes the duty of the legislature to follow pathways in between the two extremes preserving local autonomy, strict rules and yet providing adequate and equitable public aid for the distressed without the menace of politics which saturated the measures now disposed of—Ingham County News, Mason, Mich.

There seems to be some dispute as to who killed the biggest deer, Sheriff Frank Bennett or Deputy Sheriff Clyde Peterson. We will leave it to our readers to decide.

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, December 2, 1915

Leo White of Adrian and Miss Lillian McLeod of Grayling were quietly married Saturday evening, Nov. 20th, at Christ Church rectory, Adrian. After the ceremony the young couple departed for Jackson where they will spend a few days.

Fred Martin left Friday for Grand Rapids to visit his parents.

Miss Carrie Swafford entertained her friend, Miss Marjorie Gun of Wolverine over Sunday.

Mrs. Holger C. Schmidt spent several days of last week, the guest of Mrs. S. S. Phelps in Bay City.

Mrs. Jeffry McMahon is spending a couple of weeks in Detroit visiting her daughters.

Mrs. Wm. Green and son Gordon and Miss Johanna Hendrickson spent Sunday with friends in Gaylord.

Miss Augusta Kraus, who is teaching in the schools at Birch Run, spent Thanksgiving vacation at her home here.

The largest deer killed in these parts was the one killed by Frank Sickles of Markey township, which weighed 325 pounds.

Saturday morning the marriage of Miss Alice Carriveau to Mr. Isaac LaMotte was solemnized at St. Mary's church amid friends. The bride was very becoming in a green messaline dress and a picture hat. Her sister, Miss Metha, and the groom's brother, Walter, were the only attendants. A sumptuous wedding breakfast was served to just the bridal party and in the evening a three course dinner was served to relatives and friends of the young couple at the home of the groom's parents.

The Grayling Social club held their annual dinner dance Wednesday evening at their club rooms. About forty couple sat down to a finely appointed dinner served by Misses Lucille Hanson, Lauder Nielsen, Fern Armstrong, Nina Peterson, Gladys Everett and Minnie Sherman. After the

dinner Clark's orchestra furnished the music for dancing.

Miss Lillian Bates, teacher in the primary department of the schools of Vanderbilt, spent Thanksgiving vacation at her home here.

Mrs. Hyman Joseph left Sunday for Ann Arbor to visit her son Louie, for a few days and will then leave for Milwaukee to spend several weeks with her daughter, Mrs. Harry Fredman.

Miss Grace Bauman celebrated her birthday anniversary by inviting several of her friends in Monday afternoon. After enjoying a splendid supper Miss Grace was hostess to a theatre party.

S. W. Close and son W. P. Close, of West Branch, have opened a photograph studio upstairs in the Chris Hanson building.

Miss Bernice Prager and Mr. Robert M. Sharpe were united in marriage Thanksgiving day at the home of the bride, at Flint. Mrs. Sharpe attended school here, living with her grandmother, Mrs. Frank Freeland.

Mr. and Mrs. Eno Milnes entertained several couples at their home Saturday evening in honor of the birthday anniversary of Mrs. W. North.

Miss Etta Wilcox and Mr. Ray Preston both of West Branch, were quietly married at St. Mary's church Friday evening. Mr. Preston has accepted a position as car repairer for the M. C. R. R. here.

Miss Wilda Failing was hostess at a six o'clock dinner to a number of her friends in honor of her birthday anniversary Wednesday evening.

Rev. Arron Mitchell officiated at a very pretty but simple wedding Thanksgiving evening at the home of Mr. and Mrs. L. H. Chamberlin, when their daughter Marguerite and Mr. George H. Willis of Auburn, Ind., were united in the bond of matrimony. The bride was gowned in white chiffon over light blue silk crepe-de-chine. Miss Marie Foreman, a bridesmaid, wore blue messaline.

The Grayling Social club held their annual dinner dance Wednesday evening at their club rooms. About forty couple sat down to a finely appointed dinner served by Misses Lucille Hanson, Lauder Nielsen, Fern Armstrong, Nina Peterson, Gladys Everett and Minnie Sherman. After the

Fred Martin acted as groomsman and little Helen Bradley as ring bearer. The young couple left at midnight on the train for Buffalo and other cities.

Fire was discovered at about 3:30 o'clock Wednesday morning in the Commercial House at Fredric. The town was quickly aroused but in spite of the best efforts of the fire fighters the flames quickly reduced the building. The fire spread to the warehouse of H. L. Abrahams & Co. and to the Fischer Livery barn and the ice houses of the Commercial House; all were entirely consumed.

### SCHOOL NOTES (23 Years Ago)

Albert Madill is a new pupil in the high school.

Gordon Chamberlin is absent from school this week because of illness.

Joy Abbot and Howard Ayette have entered the fourth grade, making the total enrollment 59.

The South Side school has purchased a victrola on the installation plan.

### FREDERIC (23 Years Ago)

Art Cameron, assistant in the Linwood State Bank, spent Thanksgiving with his parents, Mr. and Mrs. John Cameron.

Mrs. J. Brady of Waters was in town Saturday.

Mrs. Ed. McCracken had the misfortune to fall down a flight of stairs Wednesday, breaking her right arm at the wrist.

Most of our deer hunters are back in school and are now regretting the time lost as they now have a great deal of work to make up. Especially are they regretting it when as yet we have no reports of any of the students getting their buck. We do however have many and varied reasons and stories as to why they did not get them. The only buck bagged by school attendants was by Mr. Beach about ten o'clock the first Saturday morning.

### FREDERIC SCHOOL NOTES (23 Years Ago)

A Thanksgiving program was given by the primary and intermediate pupils Wednesday. The mothers and the pupils from the other rooms were invited. The program closed with a recitation by Annabelle Hunter in which she wished everyone a happy Thanksgiving.

Supt. Wood has ordered two gasoline hanging lamps so that the high school room can be used evenings.

Orville Ridge is a new pupil in the intermediate room.

### LEVELLS (23 Years Ago)

Lillie Masters spent Sunday with her father T. Masters and sister, Mrs. E. H. Parker.

Mr. and Mrs. James McNeven and children of Grayling spent Thanksgiving with Mrs. McNeven's mother and brother, Mrs. J. B. Miller and Charles Miller.

T. E. Douglas and daughter Margaret and son Edgar spent a few days of this week in Detroit.

Ethel Shreves spent Thanksgiving with her grandparents, returning to Grayling Saturday.

The Seniors are planning a sandwich sale at the school house soon.

The public speaking class are now reading one act plays and are to choose one to be presented at the school carnival soon. They also plan to stage a full length play soon after Christmas.

Thousands have enjoyed and praised this as one of the best programs they have ever had.

In addition to the program above outlined the Seniors are staging a dance afterwards, free to all those paying admission to the program. Others may come at a small charge. There is also to be a cake walk, giving each a chance to win a cake for a nickel.

Remember the date—Saturday, December 3, at 8 o'clock.

The Seniors are planning a sandwich sale at the school house soon.

Many interesting things are being done in shop these days. Many are making very attractive ash trays out of either copper or aluminum in either beaten or smooth effect. Also numerous attractive articles out of tin cans and scraps of tin. Also much interest is being shown in the unit on electricity, even though there are no definite projects to make and keep to show to parents and friends.

The 4-H Handicraft club has been fully organized now and many are getting a good start on their first projects. We have a nice large group of boys this year and hope to have a fine club.

HAVE PLANTED TOTAL OF  
18,150,000 TREES

An all time record for number of trees planted in one year was established by the State Forestry CCC camps in Michigan during 1938. During the spring and fall seasons of 1938 the 13 CCC camps located on State Forests and administered game areas planted a total of 18,150,000 trees, consisting chiefly of Jack Pine, Norway Pine and White Pine.

This 1938 record exceeds the previous record accomplishment of 1934, at which time 32 camps were operating, to the extent of approximately 200,000 trees.

Since the CCC program began in 1933, the State Forestry CCC camps in Michigan have planted a total of approximately 65,000,000 trees, resulting in the reforestation of approximately 75,000 acres of cutover lands in Northern Michigan.

## SCHOOL NEWS

### FREDERIC SCHOOL

Frederic basketball teams put in a busy week this week. Tuesday, Nov. 29, the boys reserves and varsity, and girls team went to Vanderbilt. Friday night, December 2, Frederic entertains Merritt at Frederic. There will be four games that evening. The boys reserves and varsity teams, the girls team, and the independents. Regular admission prices will be retained in spite of the four games and a full evening of basketball is assured. There is to be a lunch following the games for the high school teams of both towns.

The Frederic teams did not get off to such a good start in their first two games, being defeated by Houghton Lake at Houghton Lake and by St. Mary's of Gaylord at Frederic. The Frederic independents also lost to the Gaylord team, 32 to 22.

Most of our deer hunters are back in school and are now regretting the time lost as they now have a great deal of work to make up. Especially are they regretting it when as yet we have no reports of any of the students getting their buck. We do however have many and varied reasons and stories as to why they did not get them. The only buck bagged by school attendants was by Mr. Beach about ten o'clock the first Saturday morning.

Evening Lecture-Entertainment Saturday

The third number of the lecture course sponsored by the Senior class is to be Saturday evening at 8 o'clock. The number is Daniel Dew and Co., Novelty Entertainers. A program of magic, music, art, fun, and variety. Spectacular illusions, dazzling manipulatives, tricks of the Hindoo Fakirs and magic from the land of the "Heathen Chinee." A popular program for all. This show includes hits and bits, new and old, for young and old.

A brilliant and colorful galaxy of charming deceptions that will have you sitting on the edge of your chair. Now you see it and now you don't. Did it go? Why did it go? WHERE DID IT GO?

You will see crayon pictures three feet wide made with lightning speed while you watch the artist at his easel.

Think of anyone making pictures out of old rags. You will see them appear right before your eyes. Something different and entertaining.

Here's a new novelty. Painting beautiful pictures by throwing colored sands on a large canvas. A unique feature you will enjoy.

Musie! Tuneful melodies played on the most extraordinary things such as circus balloons, water glasses, an old fashioned saw, etc.

Thousands have enjoyed and praised this as one of the best programs they have ever had.

In addition to the program above outlined the Seniors are staging a dance afterwards, free to all those paying admission to the program. Others may come at a small charge. There is also to be a cake walk, giving each a chance to win a cake for a nickel.

Remember the date—Saturday, December 3, at 8 o'clock.

The Seniors are planning a sandwich sale at the school house soon.

The public speaking class are now reading one act plays and are to choose one to be presented at the school carnival soon. They also plan to stage a full length play soon after Christmas.

Many interesting things are being done in shop these days. Many are making very attractive ash trays out of either copper or aluminum in either beaten or smooth effect. Also numerous attractive articles out of tin cans and scraps of tin. Also much interest is being shown in the unit on electricity, even though there are no definite projects to make and keep to show to parents and friends.

## You'll Never Reach 60

### DRIVING 60 . . .

### Drive Carefully!

Every time you speed over the highway and come through alive, smiling and happy . . . you ought to get out of that automobile of yours and give up a prayer of thanks for the special favor granted you. For the fact remains that one of these times you'll slip! Not only will you not arrive at your destination as fast as you had hoped . . . but you won't arrive at all! You may finish your trip in an ambulance and go directly to a hospital or the morgue. Don't you believe us? Do you want proof? Well just spend a day at the Receiving Hospital in any city. Watch the maimed and bleeding victims of traffic accidents as they are brought in. Are we being too brutal? We don't think so; for we are only trying to impress upon you the fact that a speeding car is a death dealing weapon! It strikes when least expected and the other fellow's speeding car may strike close to your home and heart. Our only remedy for this danger and evil is for all of us to resolve to drive at a moderate rate of speed, always with our car under control . . . Always carefully!

#### COEDS PUT SCORE ON UP HAIRDRESS

Whether to put the hair up and be dignified or to let it down and be yourself is the most discussed and the most written about question of today's women.

So Winifred Washburn, instructor in textiles and clothing, asked a number of Michigan State coeds what stand they would take on the subject. The upward sweeping hairline was definitely swept out of the classroom by the great majority of home economics students. Why? because the high coiffure demands more care and attention than the busy college woman who is rushing from class to sports to teas has time to give it. Therefore it is abandoned for the more easily combed, natural hairdress.

One of the best arguments against the sculptured hairline on campus is that the piled up curls are out of place with the general classroom ensemble which consists mainly of sweaters, skirts, flat-heeled shoes, and ankle socks. This very modern costume so expressive of the American girl's independence and a coiffure reminiscent of a period when women lacked their present freedom do not mix.

But when evening comes, then the college girl round about faces. When the smart young lady has a date she aims to look very feminine and appealingly dependent. She gives the Edwardian hairdress a place in the modern set-up after all, but with reservations.

Only girls with oval or heart-shaped faces and girls with delicate features should wear it, for hair pulled up away from the face emphasizes the line of the jaw and sharp or coarse features. The dress and accessories must be in keeping with this hairdress or the effect is grotesque rather than charming.

Lansing—With the inauguration of Republicans into state offices just one month away, two questions are uppermost in the minds of capitol observers here. What is Frank Fitzgerald, governor-elect, going to do?

Thousands of state employees, despite their newly acquired civil service ratings, are wondering if the threatened "purge" of payrolls will hit them. Fitzgerald made a sweeping promise during the primary and election campaigns that he would drastically slash the state payroll "within 60 days". While it is not likely that the new administration will scuttle civil service, which was sponsored during Fitzgerald's first term, yet the firing of many employees is considered inevitable.

Question No. 2: What is Frank Murphy, governor-elect, going to do after Dec. 31?

Speculation is rife. Rumors have already heralded his appointment to the United States Supreme court, return to the governorship of the Philippines, selection to fill a forthcoming vacancy in President Roosevelt's cabinet, and even a judgeship in the United States District court at Detroit.

To all rumors Governor Murphy has reiterated his intention of becoming a private citizen again. That's that.

#### Fitzgerald in Florida

Resting from arduous campaigning, Fitzgerald has been basking in the Florida sunshine at Fort Lauderdale where he and his family spent part of the past two winters.

Two secretaries are with him, for business is being mixed judiciously with vacation. Much of the correspondence concerns appointments to key positions in state government.

It is understood that Gilbert Shilson, his campaign manager who formerly headed the Associated Press bureau at Lansing and now owns a weekly newspaper at Berlin, Maryland, will not be the governor's secretary. Shilson will have a well-paying berth on a leading state commission.

Melvin B. McPherson of Lowell is scheduled to return to the chairmanship of the state tax commission. Orville Atwood, former secretary of state, is also due to return to the Lansing scene.

#### No Income Tax

Outcome of the November election has spelled defeat of the income tax hopes held by Charles D. Rosa, LaFollette tax consultant who was engaged early this year by John Fegan, tax commission chairman.

It was Rosa who advocated an income tax as a substitute for the sales tax and who encouraged Fegan to launch his ill-fated campaign to tax personal property.

Rosa, a former chairman of the Wisconsin tax commission, favored the theory of taxing ability to earn rather than ability to consume. It fit very nicely with the LaFollette creed of distributing wealth to the masses by leveling off the peaks. One fly in the ointment is that Wisconsin workers as well as the manufacturers concluded on Nov. 8 that they preferred "a change" and defeated Governor Phil LaFollette for re-election to a fourth term.

All in all, Rosa decided last week to call it a day. He tendered his resignation, effective Dec. 7. "Not a Republican Victory"

From the typewriter of Vernon J. Brown, country editor at Mason, ten-year veteran of the legislature, and newly elected state auditor, comes a tolerant morning-after "victory" editorial. Here are interesting excerpts from the piece which appeared in the Ingham County News:

"Republicans appear to have won a surprising victory. Yet the election was not a republican victory. It was a Murphy defeat. The record off-year vote was made by people voting against Frank Murphy. The republicans were naturally the beneficiaries of that vote. . . . People turned out to vote against Murphy and by so doing voted a lot of good men out of office. No man who has ever held public office in Michigan is held in higher respect than State Treasurer Fry."

"So the republicans should not take too much credit for the victory. They should be humble. They have a difficult task before them. They must balance a budget, . . . prepare themselves to cope with industrial unrest. The Republicans have no time or energy to waste preening their feathers. They must get down to work to shape a program that will convince voters that the choice made Tuesday was wise."

#### Million to Fight Snow

December usually brings the first heavy snowfall in Michigan. The state highway department, charged with responsibility of keeping the highways open, expects to spend a million dollars or more in the winter battle against snow and ice. Forty-one northern counties were recently granted \$200,000 for highway snow removal. Along 780 miles

## X-rays for Thousands Through Tuberculosis Christmas Seals

THE CHEST X-RAY is one of the most important weapons modern medicine has against tuberculosis. It makes possible the discovery of the disease in the early, pre-symptom stages, when its development can easily be arrested. Since November, 1931, the Michigan Tuberculosis Association has brought chest X-rays with its portable unit, to more than 35,000 Michigan people who otherwise probably would not have been examined. In that time, 6,301 cases of the early, childhood type of the disease have been discovered, plus 846 cases of the serious, adult type. Total, 7,147. Thousands of additional X-rays have

been provided by the Association's twenty-five affiliate organizations in the state. Above, left, the Association's X-ray technician prepares to X-ray a Michigan school child. Center, an Indian mother and her two children wait their turn at an MTA clinic. Tuberculosis is a serious problem among Michigan Indians. Right, X-ray film before him, the doctor interprets the revealing shadows. The case finding work of the Association is financed through tuberculosis Christmas seals. The thirty-second annual campaign opened in Michigan on Thanksgiving Day and will continue through to Christmas. Funds raised will be used to carry on the fight against tuberculosis in 1939.

#### Change of Address Required On Drivers License

From 1926 to 1936 the annual catch of whitefish in the Great Lakes declined 88 per cent.

The rapidly depleted supply of fish prompted P. J. Hoffmaster, Michigan director of conservation, to declare recently that whitefish, trout and other food fish "will be doomed to the same fate as the passenger pigeon" unless something is done.

Unregulated netting is blamed by Dr. John Van Oosten, head of the United States Bureau of Fisheries Research, who estimates the total of gill nets at 130,000 miles.

If commercial fishing is to be saved from itself, action must be taken by the states bordering the Great Lakes—Michigan, Illinois, Wisconsin and Indiana.

#### That Still Is Echoing

## WHEN HERMAN LED THE BAND

By ANNE CAMPBELL

Do you remember long ago—  
The bandstand in the park,  
The couples walking to and fro  
In the approaching dark?  
We two sat on a bench and heard  
The music, as we planned,  
How deeply were our young hearts stirred  
When Herman led the band!

He played the sympathetic airs  
We used to love so well,  
And we discussed our own affairs  
To strains of "William Tell".  
To Victor Herbert's music you  
Proposed, and held my hand!  
How sentimental we both grew  
When Herman led the band!

The mellow music touched a chord  
That still is echoing  
In hearts that over long years hoard  
The songs we used to sing.  
I wish that I could watch the night  
Fall gently on the land,  
And feel once more our young delight  
When Herman led the band!

Two youths were admitted to Mercy Hospital here Tuesday afternoon, both suffering from gun shot wounds from their own guns. Bernard Copeman, 18, of Webeville, was shot in the arm when a bullet from his own gun ricochetted, according to a statement made to hospital authorities. The accident occurred near Roscommon. The other youth, Donald Kolka, 19, of Grayling, was taking the shells from his gun when it discharged, striking him in the foot. He was hunting near here. Mercy Hospital attendants report Kolka will be released today.

Trooper Winston Smith of Cheboygan Post State Police, had an unusual experience Monday night. When about two miles south of Grayling on highway US 27, he met an auto without lights at the brow of a hill. In order to avoid a collision Trooper Smith ran his car off the road and in doing so struck a tree, smashing his own auto severely. No one was injured. The driver of the lightless car was Charles A. Dubs of Afton, Mich. With him were his wife and two small children. Dubs was arrested for reckless driving and when arraigned before Justice Petersen Tuesday afternoon, pleaded not guilty. The case was held over to trial for December 12. The State Police from Cheboygan came down and saw that the family reached their home alright.
